

Who is ACRES and What is Kid Biz?

ACRES is a microschool and hybrid homeschool program that provides an education alternative to traditional public or private school. We focus on self-paced, mastery based reading and math and provide ample opportunities for kids to explore science and social studies through exploration and project based learning. The Kid Biz fair is an extension of one of the exploration and project based learning units that our microschool students are participating in, and we are inviting the community to join us! Partner with ACRES to empower kids to learn by doing!

Information for Businesses

Want to support the next generation of leaders and entrepreneurs? You can partner with ACRES to help bring this event to life! Your partnership helps cover the cost of this event, including space rental, t-shirts, and advertising. In addition, this event is a fundraiser for the school. Proceeds from this event will help cover the cost of expansion to make this fantastic learning option available to more kids in Northeast Arkansas. Let's change the landscape of education together, from the ground up!

Partnership Opportunities

A donation of any amount is greatly appreciated. However, in exchange for a \$100 donation we will place your logo on the Kid Biz T-shirt, shout out your business on Facebook, and provide advertising opportunity at the Kid Biz event. Advertising is at the discretion of the business. This can include a banner or sign displayed at the event, a representative from your business, or anything else that is appropriate.

Please make checks payable to ACRES and provide a high resolution digital graphic for t-shirt placement.

ACRES is also seeking partnerships to enhance the educational environment at the school. This can include financial support for specific initiatives, providing resources, field trips, or even opportunities for guests to come and lead the kids in fun educational experiences.
